

THE CHARLEROI MAIL

Entered second class mail at Charleroi, June 15, 1900, according to Act of Congress of March 8, 1879.

VOL. XII. NO. 107.

CHARLEROI, WASHINGTON CO., PA., SATURDAY, DECEMBER 2, 1911

One Cent

OLD COUNCILMEN TO GO OUT OF OFFICE MONDAY

New Members to be Sworn in to Fill Vacancies

LAW IS INTERPRETED

New Body Will Abide by Suggestion of Mail and Not Organize

Interpreting the law as it was interpreted by the Mail a few days ago, the new council will not organize for the transacting of business until the first Monday of January. Under a former ruling the time of organization would have been on next Monday night. At this time the new members will be sworn in but there will be no election of officers nor any effort made at organization. Thus Charleroi will be without the services of a council for a period of nearly one month.

That the borough will not be absolutely without a business head, a temporary president of council will be appointed on Monday night, but he will not be vested with the usual powers of a president. Upon Borough Clerk Ira L. Nickeson, Burgess Geo. W. Risbeck and the borough engineer will devolve the work of looking after the borough interests until the time of re-organization. Ordinarily with a borough engineer at the head of affairs in the capacity of borough manager it would not be even necessary to appoint a temporary president of council, but the present engineer, Paul G. Elder has given notice of his forthcoming resignation and a new man will have to be introduced into office.

Monday night the old council will meet and finish up the business of the borough. They will pay bills and attend to all other matters which can properly come before the meeting. Probably the light contract matter will be concluded at this time.

New members of council will be W. R. Gaut, D. R. Duvall, John K. Rickey and Frank Riva. Outgoing members are C. O. Frye, W. R. Gaut, Charles Schmeiler and Capt. J. K. Hein.

YOUNG PEOPLE TO FIGHT SALOON

W. C. T. U. Effects Organization of Society to Fight Liquor

A young peoples branch of the W. C. T. U. was formed Friday. Officers elected were:

President, Miss Nellie Ryland; vice president, P. F. Landis; secretary, Miss Bessie Richey; corresponding secretary, Miss Maria Whitehead; treasurer, Paul Ryland; lookout, committee, Miss Florence Crill, Sophia Goodboy, Randall Oiler, Lettie Morris, Aubrey Clerihue, Charles Clerihue, Blanche Anderson, Austin Anderson.

Costs But Five Cents.

To see "At the Bottom of the Sea" at the Star Theatre next Wednesday afternoon and night. 107-14

Car Service Instituted

New Line Between Black Diamond and Donora is Put Into Service

R. W. Heslep, rights of way man for the Pittsburgh Railways company was in Charleroi a while Friday and while here said that the Donora trolley line connecting that town with Black Diamond had been finished and service instituted. Two cars are being run on a schedule of every half hour. The cars make connections at Black Diamond with the big Pittsburgh-Charleroi cars.

FEEHAN THE MAN FOR JOB

Miner Comes to Defense of Pittsburg District President

ELECTION NOT FAR OFF

To the Editor of the Charleroi Mail:

Sir—With the coming National and district conventions to be held in Indianapolis and Pittsburg, the general public is interested in the outcome, for upon the shoulders of the officers of the National and district organization will be placed the carrying out of any policy outlined by these conventions. That being the case the policies to be carried out should be put in the hands of men known for their ability. In the Pittsburg district, of which Francis Feehan is the president the miners of this district are fortunate in having an officer whose sterling worth and integrity have been tested and found all right. That he has been abused and accused by papers and men, who for personal and private reasons have no use for an honest man at the head of the Pittsburgh miners, is the common fate of all leaders. President Feehan has gone into every corner of the district where every statement has been made derogatory to him and forced from his detractors denials in many cases, and in others the accusers would not attend the meetings when they learned that Feehan would be there. Then the National executive board sat for weeks in Pittsburg investigating and hearing evidence in which Mr. Feehan was given a clean, clear and decisive indorsement of his official acts.

Yet in the face of this indorsement which cost the organization hundreds of dollars and a good deal of valuable time, some of the same men and papers are still using certain statements that they know to be false and should be entirely ignored. That Feehan has made enemies since being in office is true, but it is better

ELECTRICITY TO BE USED TO NEUTRALIZE ACID IN THE RIVER

Suggestion of Bureau of Mines Being Carried In to Effect by Government at Lock No. 2

Active preparations have been going on for some time past at Lock No. 2 on the Monongahela river to install an electric plant for the purpose of charging the steel gates in order to overcome the action of the acid in the river which has been proving very disastrous to the gates and other parts of the workings of the lock. This week a plant was completed and installed at Lock No. 2 for the purpose of experimenting. The original plans and ideas were suggested by the Bureau of Mines, and the Government officials, standing very much in need, adopted this plan. At present one gate is entirely charged with electricity from a set of storage batteries which in turn are charged from the dynamo used in generating the light system. In addition to this two large plates of steel have been placed on each of two of the gates. One will be kept charged for a stated period while the other one will not be, but left to the action of the acid for the same length of time, when an examination will be made by chemical experts to find what good, if any, the electricity has had on the plates thus charged. During the suspension of business

through the inner lock, which has been closed for repairs during the past four months the conduits and underground cables were installed by the Steamer Slackwater. Outside connections are made from the superintendents' office in the power house where the storage batteries and connections are made there and the system operated from that point. It is thought the experiment will be a success and those in charge are sanguine of its success as a betterment in preserving the gates and especially the valves and wickets.

Extensive repairs have been made at Lock No. 2 and on Wednesday the inside lock was opened to traffic after being closed for four months for repairs during which time new wickets, new valves and new shaftings were installed throughout, while the gates were made practically as good as new. Similar repairs will be made to the outside lock but no definite time has been set to close it, and it is still in commission, although not being used to any extent. This week a large crib was started and will be built at the lower end as a guide to boats entering the locks from down stream.

TO ASSUME PASTORATE

Rev. E. G. Stanley to Begin Work in Local Pulpit Sunday

Rev. Edwin G. Stanley, who accepted the pastorate of the First Baptist church recently tendered him, has arrived with his family and will preach his initial sermon as pastor on Sunday morning. Rev. Stanley comes from Newport, Ohio, where he held a pastorate for some time. He is regarded in Ohio as an able minister and takes up the local work under auspicious circumstances. The local church has been without a pastor since Rev. C. S. Joshua resigned in February. Part of Rev. Stanley's work will be at Donora, he having been placed in charge of the recently formed church there also. He will live at 102 Lookout avenue.

ELKS WILL HOLD SERVICES SUNDAY

Former Lieutenant Governor Murphy to Make the Chief Address

HAVE SPECIAL MUSIC

Former Lieutenant Governor Robert S. Murphy, of Johnstown, will be the chief speaker at the Elk's Memorial services to be held Sunday afternoon at 3 o'clock at Christ Lutheran church. An excellent musical program has been arranged by the committee in charge consisting of selections by the Charleroi Elks' chorus under the direction of Prof. I. T. Daniel and by Miss Edith Crill, soprano.

Tom P. Sloan will deliver the eulogy. There was but one death during the last year. This was Samuel E. Fleming.

The invocation will be said by Rev. C. E. Frontz, pastor of the Christ Lutheran church and the benediction by Rev. F. A. Richards, pastor of the Methodist Episcopal church. The Elks chorus will render "One Sweetly Solemn Thought", J. C. Macy and "Hark, Hark, My Soul", Charles H. Morse. Miss Crill will sing "Spirit of God", Neidinger and "My Redeemer and My Lord", Dudley Buck.

TO GIVE LECTURE

Rabbi J. Leonard Levy Coming to Charleroi This Month

A rare intellectual treat is in store for the people of Charleroi in the form of a lecture to be delivered here by Rabbi J. Leonard Levy, D. D., of Rodeph Shalom temple, Pittsburg. Through his personal friendship for Rev. Lucius W. Shey, rector of St. Mary's Episcopal church of Charleroi Mr. Levy has consented to deliver a lecture under the auspices of the Ladies' Guild about the middle of this month, the date to be announced later.

Mr. Levy is one of the most eminent divines in the country and one of the ablest lecturers on the American platform. He has lectured before in Charleroi, where his talents are well known. Some time ago Mr. Levy received a call from one of the most prominent Hebrew congregations in London, England, but his Pittsburg congregation gave him even better inducements to remain with them. The date and subject of the lecture will be announced later.

At the Star Theatre.

Next Wednesday afternoon and night the most marvelous photoplay ever produced "At the Bottom of the Sea", 2,000 feet of film. Other attractions, 5 cents. 107-14

Dumont-Hubinson.

At the bride's home in Point Marion occurred the marriage on Thanksgiving of Miss Mary Dumont and Achille Hubinson of North Charleroi. Many out of town guests were present from Charleroi, Morgantown, Punxsutawney and other places. The bride and groom will return today to make their future home at North Charleroi where they will receive the congratulations of their friends. Many beautiful presents were received.

Just For Girls.

A new wholesome series of girls' books have just been published called "The Girl Aviators." Buy your daughter one of these Airship stories. They are clean and wholesome reading. Price 25c vol. Might's Book Store. 107-11

Fresh Country Sausage at the City Grocery. 107-11

Nothing as a Christmas gift surpasses a photograph as a lasting tribute and it is something that time but increases its value. The Babbitt Studio, 513 McKean avenue. Open all day Sundays. 107-11

NOVEMBER COAL TRADE BEATS SUMMER RECORDS

Steamboats Have Race

B. F. Jones and Henry A. Laughlin Conducting Prolonged Contest

An interesting race is being run on the river now by the B. F. Jones and Henry A. Laughlin, two steamers of the Jones and Laughlin company. The race is to ascertain which can make the largest number of trips to and from their places of towing. Tows are secured at California and taken to Hazelwood. Yesterday the Henry A. Laughlin was slightly in the lead. The captain of the Laughlin is Frank Crawford and the captain of the B. F. Jones is Thomas McCain.

CONFESS PART IN CRIME

Big Sensation Sprung by McNamara Brothers at Los Angeles

MUCH LOCAL DISCUSSION

In Charleroi as elsewhere the confession of the McNamara brothers, charged with dynamiting the Los Angeles Times building in October of 1910, created a profound sensation. The trial in progress at Los Angeles was the center of interest in organized labor circles and contributions were made all along the valley by labor organizations to the defense fund. Naturally the case was prejudged, and the McNamaras were adjudged innocent by those interested in labor affairs in this community, the same as elsewhere.

The confession of the brothers to the dynamiting outrages at Los Angeles whereby 21 innocent persons lost their lives, was a distinct shock to the labor organization people. Now that the case has collapsed workers generally condemn the action of the McNamaras, who by their actions have dealt a severe blow to the cause they sought to advance by their revolutionary methods.

CAME FROM GOLDEN GATE TO SEE GAME

H. H. Haverstick of Willows, Cal., is visiting Joe Mason. "Sticks" is a graduate of 1907 of State college and came all the way from the coast to see State's eleven defeat Pitt. At college Mr. Haverstick was a baseball pitcher of note and also a varsity basketball man, he and Joe Mason being teammates for four years. Mr. Haverstick is now conducting an irrigation project in the Sacramento valley.

Lock No. 4 Has Best Month of Shipments Since May

MINES RUNNING WELL

Much Coal Going Down River From 4th Pool-Gravel and Sand Shipped

With the large river shipping companies along the Monongahela river as well as the smaller shippers working up to or nearly up to their capacity the coal trade during the month of November as indexed by shipments through Lock No. 4 was a big improvement over any previous month since May. The trade showed up over 2,000,000 bushels better than during the month of October. Nearly all the mines in the upper pools are operating steadily and the Jones and Laughlin company and the River Coal combine are the heaviest shippers.

There were 15,356,000 bushels of coal shipped through Lock No. 4 during the month of November. This was 2,239,000 bushels better than during October and 1,290,000 bushels better than for November of last year.

There were 1,534 crafts locked down stream during the month and there were 674 lockages. Passing up stream there were 1,572 crafts and the lockages numbered 696.

One of the chief features of the trade at Lock No. 4 was the material which was taken up stream for use at the point of construction of the new railroad river bridge at Geneva. This trade consisted of 318,000 bushels of gravel and 42,000 bushels of sand. Rainfall during the month was 2.53 inches. There was a good shipping stage all month, there being no high water to interfere. The first snow of the season occurred on November 2.

SUPREME ORATOR IS AT MEETING

Protected Home Circle Members Celebrate on Occasion of His Visit

The second of a series of open meetings of Charleroi Circle No. 303 Protected Home Circle, was held Friday night with District Deputy W. R. Stark and Col. J. M. Evans of Sharon the supreme orator of the lodge present. Col. Evans made an address in which he outlined the fraternal work being done by the P. H. C. A musical and literary program was rendered. A message was received from Gov. J. K. Tener, a member of the local circle, expressing his regret at his inability to be present.

With 200 present a number of new candidates were admitted. Refreshments were served by the social committee. Members of Charleroi Circle are anxious to get Charleroi in the lead in this district and have much hope of winning one of the loving cups offered by the supreme president. A contest for new members now on will close December 15.

J. K. Tener, Pres. S. A. Walton, Vice Pres. R. H. Rush, Cashier.

The Best Results

There is a great adaptive power in human nature. When one earnestly starts to save money, the habit soon grows and becomes stronger.

But the best results are accomplished by having an account with the First National Bank where your money is secure and earns a good rate of interest.

Open Saturday Evenings from 8.00 to 9.00 o'clock

4 Per cent. Interest Paid on Savings Accounts
Depository for the State of Pennsylvania.

A Timely Topic

You'll be scurrying about looking for Xmas gifts soon.

Why not get a new one when you haven't got a better one thing to do and select one of our Xmas presents.

By paying a small deposit you can have any article layed away for you till Xmas.

UP TO CONGRESS.

With the convening of Congress
next Monday, much interest is mani-
fested in the business and financial
world. As is already known the main
political issues will be first the trusts,
second the tariff and third possibly
currency legislation. President Taft
is expected to devote his attention
chiefly to the trust problem, and as
this vitally affects the Pittsburgh dis-
trict, anything that will ameliorate
the business chaos that has prevailed
during the past two or three years
will be readily welcomed.

While tariff may cut somewhat of a
figure, it is not a popular issue.
Neither the Democratic or the Repub-
lican party can materially reduce the
tariff now without imposing more tax-
ation on something else the people use
which is likely to even be more ob-
noxious. All that either party can do
now is to shift the schedule. If the
tariff of Schedule K is reduced it will
have to be increased on Schedule X,
Y, or Z, because the Government
needs all the revenue, and more too,
that the present tariff produces. No
party can reduce the tariff on any-
thing without imposing a tax on
something else, so the question is
as broad as it is long, and as a Na-
tional issue it is no longer vital.

What is desired is for the Govern-
ment to settle the trust question one
way or the other—either to prohibit
combinations or make them play fair.
Federal incorporation seems to offer
a way out of the woods, and this
ought not to occupy much time in
coming to an agreement concerning
its application. The present agita-
tion is halting progress, creating
business uncertainty and demoraliz-
ing industry generally.

WHY DISCRIMINATE?

According to the Pittsburgh Dis-
patch this Government has made a
new arrangement for parcels post be-
tween the United States and England
with the anomalous result of its cost-
ing \$1.12 to send a seven-pond pack-

age from New York City to Hoboken,
while it costs 54 cents to send a simi-
lar package from New York to Lon-
don.

The question is, why does the Gov-
ernment discriminate in favor of the
alien? Are not the citizens of this
country more entitled to low rates of
postage than the foreigners? It is
unjust discriminations of this nature
that cause citizens to cast their
political lot with the Socialists, in-
spite of the revolutionary theories of
the latter party. Socialism has at
least the merit of aiming to benefit
the people, while government at the
present time seems to be for the per-
petuity of special privilege. There's
a happy medium between the radical
theories of Socialism and the reac-
tionary adherence to special privilege
and the progressive party that
crystallizes sentiment on a definite
policy of human rights will mark an-
other epoch in American history.

ELECTRIC SPARKS

A person can get sick on Thanks-
giving but it takes them more than
just the next day to get over it.

Now that the football season's over
the baseball parliaments can have
some show of holding interest.

Mrs. Patterson evidently has a
warm spot in her heart for that jury.

Pittsburg is sorrowful over her
football beating but as yet the in-
dustrial world hasn't felt the effect.

A prisoner in the South Brownsville
lockup was robbed. It's not much
wonder people don't like to be put in
places like that.

Wonder if it was the power of ad-
vertising that got Teddy, Jr., his
managerial job for that big factory
in Connecticut?

Some people think they can't be
thankful until next year and are
wearing their air of gloom in the
same characteristic manner as be-
fore Thanksgiving

"It costs him ten thousand dollars
a year to live," said a man of his
friend, according to Life, and the
man he addressed is quoted as asking
"Why does he spend money so fool-
ishly?"

It takes the threat of the work-
house or jail to make many repentant.

Something unpleasant to tell an-
other person is usually calculated by
the relater to be for his hearer's good.
It's the same system, we suppose
that caused novelists to write naughty
novels.

China has a big population, but if
present trouble keeps up it will be
reduced a heap.

Incidentally, the price of steel is
going up. Government investigation
has a queer effect.

PICKED UP IN PASSING

R. W. Heslep right of way man for
the Pittsburgh Railways company
whose efforts were largely responsible
for getting the line through from Al-
lenport to Roscoe was in town Friday
and made a business call at the Mail
office. In speaking of the new line
running from Black Diamond to Do-
nora he recalled an incident of the
time when the company was getting
their line through the town of Donora.
This line has been in operation for a
number of years. To hold the fran-
chise partly and to gather what
trade there was, a car which won the
appellation of "Maud" was installed
in service there. Maud, somewhat
aged and battered by two intimate
acquaintance with Pittsburgh streets,
finished her life of usefulness as a
car there and a new Maud was put
on. Concerning the origin of the first
Maud and the securing of the fran-
chise Mr. Heslep said:

"When we first got permission to
construct a line in Donora a number
of the people were fighting us like all
possessed. But we managed to get
the line built through the town.

"The limit wasn't as long as it
might have been. We were to have
service instituted at 12 o'clock noon
on a certain day. When that day
came it seemed like a Friday the
13th to us, such were our misfor-
tunes. We managed to get a car—
Maud 1—to Donora and hitched a
team to it to pull it up the track, a
distance until we got power. Some-
thing broke and we tried again and
something more broke.

"After considerable sweating and

coercing had been done, we got the
car on the track where we wanted it
and were getting scared again when
at precisely three minutes before 12
the power came and we were saved."

In official circles in the State de-
partments at Harrisburg it is a mat-
ter of form to acknowledge every let-
ter or communication received. Dur-
ing his last visit to Charleroi Gov-
ernor Tener related how he one day
received a letter of censure from a dis-
appointed applicant for a position.
The letter made a number of accusa-
tory statements, in which the Gov-
ernor was "ripped up the back" from
the start to finish. In acknowledging
the communication the Governor dic-
tated the following:

"Dear Sir—Your impertinent and
untruthful letter is in the waste
basket. J. K. Tener."

FEELMAN THE MAN-FOR JOB

(Continued from page one.)

for the miners that he did make
them, for eventually it will redound to
the betterment of the miners and the
organization.

But, it will be asked, what caused
the enmity of those men? The an-
swer can be found in the reports of
the district organization, and by
statements made and proven by com-
mittees and board members. It is a
well known fact that when Feehan
first went into office that men in the
employ of the organization were given
to understand that while so em-
ployed they must be sober and that
any infraction of that order meant
their dismissal. That order is being
carried out; the result, some enemies.
Then the representatives of certain
papers, being accustomed to doing as
they pleased in the district office, on
former occasions to the extent of be-
ing intoxicated and loafing in the of-
fice, were given to understand that
the miners' headquarters was not the
place for them to become in-
toxicated, and some of them were
actually thrown out. Result, enemies.
It is, indeed, a great credit to the
miners of this district that such a
rule is enforced, for then the miners
know that the men who represent
them will have clear minds and be
able to intelligently discuss any propo-
sitions that are brought before them.

Since President Feehan's induction
into office he has been opposed in
his every movement by these men
and certain papers, aided and abet-
ted by all the powers of the National
organization that ex-President Tom
Lewis could wield for several years;
and yet Feehan, with that tenacity of
his race, has slowly but surely proven
by results that his charges and
statements, year after year, were
true, that the men who were and are
now opposing him are not honest, or
fit men for any position. Take for
instance the statement given out by
President White of the National or-
ganization, that 11,000 votes cast in
the election one year ago were not
counted, and there is no question but
that ex-President Lewis, if he at-
tends the coming annual convention,
will have to explain. President Fee-
han's opponent has rallied around
him a good many of the disgruntled
element but the men who are in-
terested in the success of the miners
and their organization, and many of
those who have been opposed to Fee-
han realize now that their welfare and
success is the wish and desire of
President Feehan.

With the late investigation con-
ducted by the National board in Pitts-
burg proving President Feehan the
right man in the right place all that
is needed now to establish peace and
harmony in this district is to turn
out on the 12th of December and
sustain the National board's deci-
sion by giving Francis Feehan the
largest vote in the history of the
district.

The Handy Heater
PERFECTION
SMOKELESS OIL HEATER

You often need some heat
in early Fall, when you have
not yet started the furnace.

In whatever part of the house you want it, you can get it
best and quickest with a Perfection Smokeless Oil Heater.

The Perfection is the most reliable heater on the market, and you
can move it wherever you please.

Start it in bedroom or bathroom, and you dress in comfort on the coldest
mornings. Take it to the dining-room, and early breakfast becomes a pleasant,
cosy meal. A touch of a match at dusk, and all is snug for the evening.

The Perfection Smokeless Oil Heater is beautifully finished—an ornament
anywhere. Drums of plain steel or enamelled in blue; nickel trimmings.

A special automatic device makes smoking impossible. Burner body cannot
become wedged. All parts easily cleaned. Damper top. Cool handle.

Dealers everywhere; or write for descriptive circular to any agency of

TWICE-TOLO TESTIMONY

Charleroi People Are Doing All They
Can For Fellow Sufferers.

Charleroi testimony has been pub-
lished to prove the merit of Doan's
Kidney Pills to others in Charleroi
who suffer from bad backs and kid-
ney ills. Lest any sufferer doubt
that the cures made by Doan's Kidney
Pills are thorough and lasting we pro-
duce confirmed proof—statements
from Charleroi people saying that the
cures they told of years ago were per-
manent. Here's a Charleroi case:

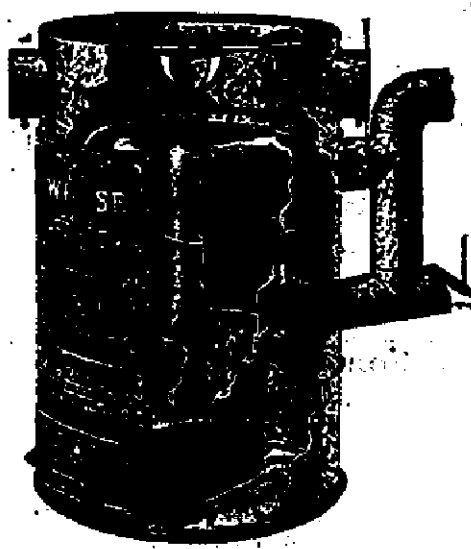

Mrs. M. E. Richards, 618 Washing-
ton avenue, Charleroi, Pa., says: "I
gladly confirm all I said in my former
statement given for publication in
favor of Doan's Kidney Pills. Last
summer I used several boxes of this
remedy, procured at Piper Bros.
Drug Store, when suffering from
rheumatic pains and it promptly drove
away my trouble. I have often recom-
mended Doan's Kidney Pills and
shall continue to do."

For sale by all dealers. Price 50
cents. Foster-Milburn Co., Buffalo,
New York, sole agents for the United
States.

Remember the name—Doan's and
take no other.

WHY NOT BE AS "WISE" AS THE OWL?

By having me heat
your residence with
a WISE FURNACE
you will.

Think this matter over and
have me call to see you, and
I will make you comfortable.

I repair furnaces that
smoke and make them per-
fectly clean. I also do all
kinds of roofing and sheet
metal work.

Lightning Kills Few.

In 1906 lightning killed only 169 people in this whole country. One's chances of death by lightning are less than two in a million. The chance of death from liver, kidney or stomach trouble is vastly greater, but not if Electric Bitters be used, as Robert

Madsen of West Burlington, Ia., proved. Four doctors gave him up after eight months of suffering from virulent liver trouble and yellow jaundice. He was then completely cured by Electric Bitters. They're the best stomach, liver and kidney remedy and blood purifier on earth. Only 50c at W. F. Hennings.

CHARLEROI FIVE OUTPLAYS BUNCH FROM SOUTHSIDE

Visiting Aggregation of Bas- ketballers Beaten in Fast Contest

In amends for past humiliations Adams' basketball five whaled Southside Friday night with a severe kind of whale. Playing the visiting Smoky City aggregation off their feet and into the Slough of Despond or some other slough, the tribe of Magicians had no trouble in decorating Freund's hopefuls with as big and as ugly a can it was possible to decorate them with. The final score was 36 to 22.

For the first time since he sustained his broken nose Jimsey Brown showed his natural gait, which by the way is somewhat faster than a 2:20 trot. That encouraged the whole team and such passing and such team work and such goal shooting hasn't been seen since time began. Jimsey and his side partner, Capt Jacky Adams were the chief gazaboos in spectacular work and Dolin, Peiffer and A. Brown did some star performing.

The game barely got started when Jacky Adams was given a chance and he tossed a foul goal. Then somebody heaved Jimsey Brown the ball and he in turn gave a heave while the score-boy camly put down another integer. After that scoring was frequent and more to the Charleroi's way of reasoning than to Southside's. In fact Southside wasn't given a chance to score at all until after the first three minutes of play when Steel was permitted to joss just to encourage him. But it was a foregone conclusion. There was no hope for Southside and they quit as they began—beaten. The lineup:

Charleroi—36	Southside—22
Adams.....F.....	Steel.....F.....
A. Brown.....F.....	Frankle.....F.....
Dolin.....C.....	Tome.....C.....
Peiffer.....G.....	Henshel.....G.....
A. Brown.....G.....	Curllett.....G.....
Substitution—Penino for Curllett.	
Field goals—Adams 4, J. Brown 6, Steel 3, Tome, Henshel 2. Goals from fouls—Adams 16 out of 27, Frankle, 1 out of 3, Curllett 1 out of 3, Penino, 8 out of 19. Referee—Alton. Timekeepers—Jolliffe and Freund. Score at end of second half—Charleroi 20, Southside 11.	

Damage Suit Settled.

The suit of Thomas W. Meikle and wife against the borough of Charleroi for personal injuries received by Mrs. Meikle in a fall through a defective boardwalk in the borough of Charleroi, was settled. The settlement agreed upon was not made public.

Among The Passers

All there was to it, Southside was so badly outplayed that there was no chance for redress at any time of the game.

Dolin "had something" on the sensation from Pittsburgh with a cemetery like name—Tome. He usually got the lead on the tall dark haired "wonder" with no trouble whatever.

Prettier forward work than Adams and Jimsey Brown put up would be hard to find.

Allie Brown prevented his man from too close application to the enjoyable pastime of shooting goals.

Peiffer is a handy man to have around. He dispossessed many of the Southsiders from joy by grabbing the ball when they were setting for shots.

Local fans hope to see Lance Riggs in the game some of these days. They

have a hunch that maybe Lance can show them a few stunts not reckoned upon.

VOL. XII. NO. 107.

CHARLEROI, WASHINGTON CO., PA., SATURDAY, DECEMBER 2, 1911

One Cent

OLD COUNCILMEN TO GO OUT OF OFFICE MONDAY

New Members to be Sworn in to Fill Vacancies

LAW IS INTERPRETED

New Body Will Abide by Suggestion of Mail and Not Organize

Interpreting the law as it was interpreted by the Mail a few days ago, the new council will not organize for the transacting of business until the first Monday of January. Under a former ruling the time of organization would have been on next Monday night. At this time the new members will be sworn in but there will be no election of officers nor any effort made at organization. Thus Charleroi will be without the services of a council for a period of nearly one month.

That the borough will not be absolutely without a business head, a temporary president of council will be appointed on Monday night, but he will not be vested with the usual powers of a president. Upon Borough Clerk Ira L. Nickeson, Burgess Geo. W. Risbeck and the borough engineer will devolve the work of looking after the borough interests until the time of re-organization. Ordinarily with a borough engineer at the head of affairs in the capacity of borough manager it would not be even necessary to appoint a temporary president of council, but the present engineer, Paul G. Elder has given notice of his forthcoming resignation and a new man will have to be inducted into office.

Monday night the old council will meet and finish up the business of the borough. They will pay bills and attend to all other matters which can properly come before the meeting. Probably the light contract matter will be concluded at this time.

New members of council will be W. R. Gaut, D. R. Duvall, John K. Rickey and Frank Riva. Outgoing members are C. O. Frye, W. R. Gaut, Charles Schmeidler and Capt. J. K. Hein.

YOUNG PEOPLE TO FIGHT SALOON

W. C. T. U. Effects Organization of Society to Fight Liquor

A young peoples branch of the W. C. T. U. was formed Friday. Officers elected were:

Car Service Instituted

New Line Between Black Diamond and Donora is Put Into Service

R. W. Heslep, rights of way man for the Pittsburgh Railway company was in Charleroi a while Friday and while here said that the Donora trolley line connecting that town with Black Diamond had been finished and service instituted. Two cars are being run on a schedule of every half hour. The cars make connections at Black Diamond with the big Pittsburgh-Charleroi cars.

FEEHAN THE MAN FOR JOB

Miner Comes to Defense of Pittsburgh District President

ELECTION NOT FAR OFF

To the Editor of the Charleroi Mail:

Sir—With the coming National and district conventions to be held in Indianapolis and Pittsburgh, the general public is interested in the outcome, for upon the shoulders of the officers of the National and district organization will be placed the carrying out of any policy outlined by these conventions. That being the case the policies to be carried out should be put in the hands of men known for their ability. In the Pittsburgh district, of which Francis Feehan is the president the miners of this district are fortunate in having an officer whose sterling worth and integrity have been tested and found all right. That he has been abused and accused by papers and men, who for personal and private reasons have no use for an honest man at the head of the Pittsburgh miners, is the common fate of all leaders. President Feehan has gone into every corner of the district where every statement has been made derogatory to him and forced from his detractors denials in many cases, and in others the accusers would not attend the meetings when they learned that Feehan would be there. Then the National executive board sat for weeks in Pittsburgh investigating and hearing evidence in which Mr. Feehan was given a clean, clear and decisive indorsement of his official acts.

Yet in the face of this indorsement which cost the organization hundreds of dollars and a good deal of valuable time, some of the same men and papers are still using certain statements that they know to be false and should be entirely ignored. That Feehan has made enemies since being in office is true, but it is better

(Continued on second page.)

ELECTRICITY TO BE USED TO NEUTRALIZE ACID IN THE RIVER

Suggestion of Bureau of Mines Being Carried In to Effect by Government at Lock No. 2

Active preparations have been going on for some time past at Lock No. 2 on the Monongahela river to install an electric plant for the purpose of charging the steel gates in order to overcome the action of the acid in the river which has been proving very disastrous to the gates and other parts of the workings of the lock. This week a plant was completed and installed at Lock No. 2 for the purpose of experimenting. The original plans and ideas were suggested by the Bureau of Mines, and the Government officials, standing very much in need, adopted this plan. At present one gate is entirely charged with electricity from a set of storage batteries which in turn are charged from the dynamo used in generating the light system. In addition to this two large plates of steel have been placed on each of two of the gates. One will be kept charged for a stated period while the other one will not be, but left to the action of the acid for the same length of time, when an examination will be made by chemical experts to find what good, if any, the electricity has had on the plates thus charged. During the suspension of business

through the inner lock, which has been closed for repairs during the past four months the conduits and underground cables were installed by the Steamer Slackwater. Outside connections are made from the superintendents' office in the power house where the storage batteries and connections are made there and the system operated from that point. It is thought the experiment will be a success and those in charge are sanguine of its success as a betterment in preserving the gates and especially the valves and wickets.

Extensive repairs have been made at Lock No. 2 and on Wednesday the inside lock was opened to traffic after being closed for four months for repairs during which time new wickets, new valves and new shaftings were installed throughout, while the gates were made practically as good as new. Similar repairs will be made to the outside lock but no definite time has been set to close it, and it is still in commission, although not being used to any extent. This week a large crib was started and will be built at the lower end as a guide to boats entering the locks from down stream.

TO ASSUME PASTORATE TO GIVE LECTURE

Rev. E. G. Stanley to Begin Work in Local Pulpit Sunday

Rev. Edwin G. Stanley, who accepted the pastorate of the First Baptist church recently tendered him, has arrived with his family and will preach his initial sermon as pastor on Sunday morning. Rev. Stanley comes from Newport, Ohio, where he held a pastorate for some time. He is regarded in Ohio as an able minister and takes up the local work under auspicious circumstances. The local church has been without a pastor since Rev. C. S. Joshua resigned in February. Part of Rev. Stanley's work will be at Donora, he having been placed in charge of the recently formed church there also. He will live at 102 Lookout avenue.

ELKS WILL HOLD SERVICES SUNDAY

Former Lieutenant Governor Murphy to Make the Chief Address

HAVE SPECIAL MUSIC

Former Lieutenant Governor Robert S. Murphy, of Johnstown, will be the chief speaker at the Elks' Memorial services to be held Sunday afternoon at 3 o'clock at Christ Lutheran church. An excellent musical program has been arranged by the committee in charge consisting of selections by the Charleroi Elks' chorus under the direction of Prof. I. T. Daniel and by Miss Edith Crill, soprano.

Tom P. Sloan will deliver the eulogy. There was but one death during the last year. This was Samuel E. Fleming.

The invocation will be said by Rev. C. E. Frantz, pastor of the Christ Lutheran church and the benediction by Rev. F. A. Richards, pastor of the Methodist Episcopal church. The Elks chorus will render "One Sweetly Solemn Thought", J. C. Macy and "Hark, Hark, My Soul", Charles H. Morse. Miss Crill will sing "Spirit of God", Neidlinger and "My Redeemer and My Lord", Dudley Buck.

Rabbi J. Leonard Levy Coming to Charleroi This Month

A rare intellectual treat is in store for the people of Charleroi in the form of a lecture to be delivered here by Rabbi J. Leonard Levy, D. D., of Rodeph Shalom temple, Pittsburgh. Through his personal friendship for Rev. Lucius W. Shey, rector of St. Mary's Episcopal church of Charleroi Mr. Levy has consented to deliver a lecture under the auspices of the Ladies' Guild about the middle of this month, the date to be announced later.

Mr. Levy is one of the most eminent divines in the country and one of the ablest lecturers on the American platform. He has lectured before in Charleroi, where his talents are well known. Some time ago Mr. Levy received a call from one of the most prominent Hebrew congregations in London, England, but his Pittsburgh congregation gave him even better inducements to remain with them. The date and subject of the lecture will be announced later.

At the Star Theatre. Next Wednesday afternoon and night the most marvelous photoplay ever produced "At the Bottom of the Sea" 2,000 feet of film. Other attractions, 5 cents. 107-14

Dumont-Hubdon.

At the bride's home in Point Marion occurred the marriage on Thanksgiving of Miss Mary Dumont and Achille Hubdon of North Charleroi. Many out of town guests were present from Charleroi, Morgantown, Punxsutawney and other places. The bride and groom will return today to make their future home at North Charleroi where they will receive the congratulations of their friends. Many beautiful presents were received.

Just For Girls.

A new wholesome series of girls' books have just been published called "The Girl Aviators." Buy your daughter one of these Airship stories. They are clean and wholesome reading. Price 25c vol. Might's Book Store. 107-14

Fresh Country Sausage at the City Grocery. 107-14

Nothing as a Christmas gift supercedes a photograph as a lasting tribute and it is something that time but increases its value. The Babbitt Studio, 513 McKean avenue. Open all day Sundays. 107-14

NOVEMBER COAL TRADE BEATS SUMMER RECORDS

Steamboats Have Race

B. F. Jones and Henry A. Laughlin Conducting Prolonged Contest

An interesting race is being run on the river now by the B. F. Jones and Henry A. Laughlin, two steamers of the Jones and Laughlin company. The race is to ascertain which can make the largest number of trips to and from their places of towing. Tows are secured at California and taken to Hazelwood. Yesterday the Henry A. Laughlin was slightly in the lead. The captain of the Laughlin is Frank Crawford and the captain of the B. F. Jones is Thomas Coan.

CONFESS PART IN CRIME

Big Sensation Sprung by McNamara Brothers at Los Angeles

MUCH LOCAL DISCUSSION

In Charleroi as elsewhere the confession of the McNamara brothers, charged with dynamiting the Los Angeles Times building in October of 1910 created a profound sensation. The trial in progress at Los Angeles was the center of interest in organized labor circles and contributions were made all along the valley by labor organizations to the defense fund. Naturally the case was prejudged, and the McNamaras were adjudged innocent by those interested in labor affairs in this community, the same as elsewhere.

The confession of the brothers to the dynamiting outrages at Los Angeles whereby 21 innocent persons lost their lives, was a distinct shock to the labor organization people. Now that the case has collapsed workers generally condemn the action of the McNamaras, who by their actions have dealt a severe blow to the cause they sought to advance by their revolutionary methods.

CAME FROM GOLDEN GATE TO SEE GAME

H. H. Haverstick of Willows, Cal, is visiting Joe Mason. "Sticks" is a graduate of 1907 of State college and came all the way from the coast to see State's eleven defeat Pitt. At college Mr. Haverstick was a baseball pitcher of note and also a varsity basketball man, he and Joe Mason being teammates for four years. Mr. Haverstick is now conducting an irrigation project in the Sacramento valley.

Lock No. 4 Has Best Month of Shipments Since May

MINES RUNNING WELL

Much Coal Going Down River From 4th Pool-Gravel and Sand Shipped

With the large river shipping companies along the Monongahela river as well as the smaller shippers working up to or nearly up to their capacity the coal trade during the month of November as indexed by shipments through Lock No. 4 was a big improvement over any previous month since May. The trade showed up over 2,000,000 bushels better than during the month of October. Nearly all the mines in the upper pools are operating steadily and the Jones and Laughlin company and the River Coal combine are the heaviest shippers.

There were 15,356,000 bushels of coal shipped through Lock No. 4 during the month of November. This was 2,239,000 bushels better than during October and 1,290,000 bushels better than for November of last year.

There were 1,534 crafts loaded down stream during the month and there were 674 lockages. Passing up stream there were 1,572 crafts and the lockages numbered 696.

One of the chief features of the trade at Lock No. 4 was the material which was taken up stream for use at the point of construction of the new railroad river bridge at Geneva. This trade consisted of 318,000 bushels of gravel and 42,000 bushels of sand. Rainfall during the month was 2.53 inches. There was a good shipping stage all month, there being no high water to interfere. The first snow of the season occurred on November 2.

SUPREME ORATOR IS AT MEETING

Protected Home Circle Members Celebrate on Occasion of His Visit

The second of a series of open meetings of Charleroi Circle No. 303 Protected Home Circle, was held Friday night with District Deputy W. R. Stark and Col. J. M. Evans of Sharon the supreme orator of the lodge present. Col. Evans made an address in which he outlined the fraternal work being done by the P. H. C. A musical and literary program was rendered. A message was received from Gov. J. K. Tener, a member of the local circle, expressing his regret at his inability to be present.

With 200 present a number of new candidates were admitted. Refreshments were served by the social committee. Members of Charleroi Circle are anxious to get Charleroi in the lead in this district and have much hope of winning one of the loving cups offered by the supreme president. A contest for new members now on will close December 15.

J. K. Tener, Pres. S. A. Walton, Vice Pres. R. H. Rush, Cashier.

The Best Results

There is a great adaptive power in human nature. When one earnestly starts to save money, the habit soon grows and becomes stronger.

But the best results are accomplished by having an account with the First National Bank where your money is secure and earns a good rate of interest.

Dec. 2 In American History.

1823—The Monroe doctrine promulga-
ed in President Monroe's message.
1861—Great Britain's navy placed un-
der orders in expectation of war
with the United States.
1910—General E. A. Carr, U. S. A. re-
tired, distinguished in border trou-
bles before the civil war, as well
as in that conflict, died in Wash-
ington; born 1830.

ASTRONOMICAL EVENTS.

(From noon today to noon tomorrow)
Sun sets 4:29, rises 7:08; moon sets
4:04 a. m.; moon at ascending node,
crossing sun's path upward; planet
Mercury visible in west after sunset.

UP TO CONGRESS.

With the convening of Congress
next Monday, much interest is mam-
ifested in the business and financial
world. As is already known the main
political issues will be first the trusts,
second the tariff and third possibly
currency legislation. President Taft
is expected to devote his attention
chiefly to the trust problem, and as
this vitally affects the Pittsburgh dis-
trict, anything that will ameliorate
the business chaos that has prevailed
during the past two or three years
will be readily welcomed.

While tariff may cut somewhat of a
figure, it is not a popular issue.
Neither the Democratic or the Repub-
lican party can materially reduce the
tariff now without imposing more tax-
ation on something else the people use
which is likely to even be more ob-
noxious. All that either party can do
now is to shift the schedule. If the
tariff of Schedule K is reduced it will
have to be increased on Schedule X,
Y, or Z, because the Government
needs all the revenue, and more too,
that the present tariff produces. No
party can reduce the tariff on any-
thing without imposing a tax on
something else, so the question is
as broad as it is long, and as a Na-
tional issue it is no longer vital.

What is desired is for the Govern-
ment to settle the trust question one
way or the other—either to prohibit
combinations or make them play fair.
Federal incorporation seems to offer
a way out of the woods, and this
ought not to occupy much time in
coming to an agreement concerning
its application. The present agita-
tion is halting progress, creating
business uncertainty and demoraliz-
ing industry generally.

WHY DISCRIMINATE?

According to the Pittsburgh Dis-
patch this Government has made a
bad arrangement for parcels post be-
tween the United States and England
with the anomalous result of its cost-
ing \$1.12 to send a seven-pond pack-

age from New York City to Hoboken,
while it costs 54 cents to send a simi-
lar package from New York to Lon-
don.

The question is, why does the Gov-
ernment discriminate in favor of the
alien? Are not the citizens of this
country more entitled to low rates of
postage than the foreigners? It is
unjust discriminations of this nature
that cause citizens to cast their
political lot with the Socialists, in
spite of the revolutionary theories of
the latter party. Socialism has at
least the merit of aiming to benefit
the people, while government at the
present time seems to be for the per-
petuity of special privilege. There's
a happy medium between the radical
theories of Socialism and the reac-
tionary adherence to special privilege
and the progressive party that
crystallizes sentiment on a definite
policy of human rights will mark an-
other epoch in American history.

ELECTRIC SPARKS

A person can get sick on thank-
sgiving but it takes them more than
just the next day to get over it.

Now that the football season's over
the baseball parliaments can have
some show of holding interest.

Mrs. Patterson evidently has a
warm spot in her heart for that jury.

Pittsburg is sorrowful over her
football beating but as yet the in-
dustrial world hasn't felt the effect.

A prisoner in the South Brownsville
lockup was robbed. It's not much
wonder people don't like to be put in
places like that.

Wonder if it was the power of ad-
vertising that got Teddy, Jr., his
managerial job for that big factory
in Connecticut?

Some people think they can't be
thankful until next year and are
wearing their air of gloom in the
same characteristic manner as be-
fore Thanksgiving.

"It costs him ten thousand dollars
a year to live," said a man of his
friend, according to Life, and the
man he addressed is quoted as asking
"Why does he spend money so fool-
ishly?"

It takes the threat of the work-
house or jail to make many repentant.

Something unpleasant to tell an-
other person is usually calculated by
the relater to be for his hearer's good.
It's the same system, we suppose
that caused novelists to write naughty
novels.

China has a big population, but if
present trouble keeps up it will be
reduced a heap.

Incidentally, the price of steel is
going up. Government investigation
has a queer effect.

PICKED UP IN PASSING

R. W. Heslep right of way man for
the Pittsburgh Railways company
whose efforts were largely responsible
for getting the line through from Al-
lenport to Roscoe was in town Friday
and made a business call at the Mail
office. In speaking of the new line
running from Black Diamond to Do-
nora he recalled an incident of the
time when the company was getting
their line through the town of Donora.
This line has been in operation for a
number of years. To hold the fran-
chise partly and to gather what
trade there was, a car which won the
appellation of "Maud" was installed
in service there. Maud, somewhat
aged and battered by two intimate
acquaintance with Pittsburg streets,
finished her life of usefulness as a
car there and a new Maud was put
on. Concerning the origin of the first
Maud and the securing of the fran-
chise Mr. Heslep said:

"When we first got permission to
construct a line in Donora a number
of the people were fighting us like all
possessed. But we managed to get
the line built through the town.
"The limit wasn't as long as it
might have been. We were to have
service instituted at 12 o'clock noon
on a certain day. When that day
came it seemed like a Friday the
13th to us, such were our misfor-
tunes. We managed to get a car—
Maud 1—to Donora and hitched a
team to it to pull it up the track, a
distance until we got power. Some-
thing broke and we tried again and
something more broke.
"After considerable sweating and

coercing had been done, we got the
car on the track where we wanted it
and were getting scared again when
at precisely three minutes before 12
the power came and we were saved."

In official circles in the State de-
partments at Harrisburg it is a mat-
ter of form to acknowledge every let-
ter or communication received. Dur-
ing his last visit to Charleroi Gov-
ernor Tener related how he one day
received a letter of censure from a dis-
appointed applicant for a position.
The letter made a number of accusa-
tory statements, in which the Gov-
ernor was "ripped up the back" from
the start to finish. In acknowledging
the communication the Governor dic-
tated the following:

"Dear Sir—Your impertinent and
untruthful letter is in the waste
basket. J. K. Tener."

FEELHAN THE MAN FOR JOB

(Continued from page one.)

for the miners that he did make
them, for eventually it will rebound to
the detriment of the miners and the
organization.

But, it will be asked, what caused
the enmity of those men? The an-
swer can be found in the reports of
the district organization, and by
statements made and proven by com-
mittees and board members. It is a
well known fact that when Feehan
first went into office that men in the
employ of the organization were given
to understand that while so em-
ployed they must be sober and that
any infraction of that order meant
their dismissal. That order is being
carried out; the result, some enemies
Then the representatives of certain
papers, being accustomed to doing as
they pleased in the district office, on
former occasions to the extent of be-
ing intoxicated and looting in the of-
fice, were given to understand that
the miners' headquarters was not the
place for them to become in-
toxicated, and some of them were
actually thrown out. Result, enemies.
It is, indeed, a great credit to the
miners of this district that such a
rule is enforced, for then the miners
know that the men who represent
them will have clear minds and be
able to intelligently discuss any propo-
sitions that are brought before them.

Since President Feehan's induction
into office he has been opposed in
his every movement by these men
and certain papers, aided and abet-
ted by all the powers of the National
organization that ex-President Tom
Lewis could wield for several years,
and yet Feehan, with that tenacity of
his race, has slowly but surely proven
by results that his charges and
statements, year after year, were
true. That the men who were and are
now opposing him are not honest or
fit men for any position. Take for
instance the statement given out by
President White of the National or-
ganization that 11,000 votes cast in
the election one year ago were not
counted, and there is no question but
that ex-President Lewis, if he at-
tends the coming annual convention,
will have to explain. President Fee-
han's opponent has rallied around
him a good many of the disgruntled
element but the men who are in-
terested in the success of the miners
and their organization, and many of
those who have been opposed to Fee-
han realize now that their welfare and
success is the wish and desire of
President Feehan.

With the late investigation con-
ducted by the National board in Pitts-
burg proving President Feehan the
right man in the right place all that
is needed now to establish peace and
mony in this district is to turn
out on the 12th of December and
sustain the National board's decision
by giving Francis Feehan the
largest vote in the history of the
district.

Among the Theatres

THE PALACE-CHARLEROI

Manager R. L. Barnhart added another strong feature to his repertoire this week at the Palace Theatre. This was the Vitaphone Monthly which like the Pathe Weekly Bulletin, gives an illustrated epitome of the leading events in all quarters of the globe. The Pathe Bulletin this week showed the recent celebration in Pittsburgh and gave additional interest by the part Governor Tener took in the proceedings. The life rescue demonstrations and mine explosions were also wonderful exhibitions. Among the strong photoplay dramas were "The Two Sisters," "The Marked Shoulder," "The Light House Keeper," and others. Miss Helen Atwill's vocal repertoire contained a most beautiful selection, "Dreams, Just Dreams," which she rendered with remarkable effect. Manager Barnhart gave a special matinee Thanksgiving Day, which was the occasion of numerous theatre parties, and was greatly appreciated by the holiday patrons.

THE STAR-CHARLEROI

It needs only a glance at the repertoire of the Star Theatre this week to convince the public that this popular house is keeping up to the standard in the character of its amusements. Among the photoplays appear such strong dramas as "Cheyenne Days," "The Satyr and the Lady," "His Better Self," "The Awakening of Jack Clark," "Fools-head Quarrels With His Sweetheart," "Ned's Sacrifice," "The Copperhead," and others. Manager Cowan presented a special program for his Thanksgiving matinee and was rewarded by a large holiday attendance.

THE GRAND-PITTSBURG

An event of more than passing interest to the theatrical world and the playgoing public will take place in Pittsburgh next week, when Jesse L. Lasky, the bold producer of vaudeville acts and the founder of the Folies Bergere in New York presents "California," an American operetta written by Cecil DeMille, author of "Strongheart" and other successful dramas. The score of "California" is by Robert Hood Bowers, composer of "The Vanderbilt Cup," "The Red Rose" and other musical comedies and light operas, and the lyrics were written by Grant Stewart. It is expected that this operetta will set a new standard in vaudeville.

Manager Davis' bill is one which fits in with artistic harmony with the production of "California." It includes the inimitable and unparalleled European juggler, Salerno. This artist is the master of his trade.

Barry and Wolford, those pleasantly eccentric diversions, will give a new comic song review with parodies and patter.

Collins and Hart, the original trav-

esty strong men, have returned from their enormously successful European tour and will again convulse Pittsburgh audiences with their drolleries.

The Robert Trio promise a diversion consisting of whirlwind dances, Sully and Hussy offer a skit called "The Sportsman and the Valet." Still some half a dozen other acts and motion pictures combine to complete a program of sustained interest and surpassing quality.

THE ALVIN-PITTSBURG

The return of the Whitney Opera company to the scene of its former triumph at the Alvin Theatre next week is already reckoned as one of the leading events of the season's program. The cast which presents this masterpiece is the greatest which has ever been gotten together. Alice York first won her spurs in Chicago, and her success there in the leading role of Nadina was repeated throughout her tour last year. Vivian Weadon, who alternates with Miss Yorke, sang the role with Mr. Whitney's company in New York. George T. man, who created the part of Alexius in America, has sung the role continuously for two seasons without missing a performance and early in this season will have appeared the part one thousand times. Francis J. Boyle is likewise the original Massakroff, and no one has ever equalled his performance in this tremendous boffo role. Miss Jurietta Fletcher, also a member of the New York company, is the sprightliest Maycha with whom the Chocolate Soldier has ever flirted. Mildred Rogers, another of the originals, was for several seasons before her advent with the Whitney organization. The leading contralto with the Boston Grand Opera Company Charles H. Bowers has made a country wide reputation through his delightful rendition of the title role of Bumerli, the chocolate-eating rather than the fire-eating soldier, and George O'Donnell, a basso of international repute, has the part of Popoff. There is also the famous chorus of sixty trained singers which is not equalled in any organization in America.

THE NIXON-PITTSBURG

Next Monday night Blanche Bates returns to Pittsburgh with her comedy success of last season "Nobody's Widow" after an eight months run in New York City to a record breaking and distinguished audience.

The story of "Nobody's Widow" briefly told is The Duke of Merland, masquerading as John Clayton, meets Roxana in England and after an exceptionally brief courtship she marries him. Half an hour after the wedding she detects him in a situation with another woman that he does not explain to her satisfac-

tion. She immediately deserts him, publicly announces his death and privately secures a divorce from him, returns to America and dons the most fascinating of widow's weeds. At a house party at Pala Beach she confronts her husband who is spending the season there. The complications arising from the meeting, the supposed widowhood, the divorce and their final reconciliation offers the basis whereupon a most delightfully constructed comedy has been created by Avery Hopwood.

David Belasco with his usual thoroughness, has surrounded Miss Bates with an exceptionally capable company including Bruce McRae, Adelaide Prince, Max McDougall, Edith Campbell, Dorothy Ssoemaker, Miner S. Watson, Westropp Saunders and Marie Cross. It is needless to say that the production will be up to the customary Belasco standard of excellence. The engagement at the Nixon is for one week commencing next Monday night, with a matinee on Saturday only.

ORDINANCE NO. 51.

Authorizing and directing the widening of Lincoln Avenue from the line dividing the Borough of North Charleroi from the Borough of Charleroi northwardly to the intersection of said Lincoln Avenue with the northerly line of 5th St and providing for the assessment and collection of the costs, damages and expenses arising thereby, and the assessment of damages caused by the grade thereof.

Section 1 Be it ordained and enacted by the Borough of North Charleroi in Council assembled, and it is hereby ordained and enacted by the authority of the same, that Lincoln Avenue, from the line dividing the Borough of North Charleroi from the Borough of Charleroi northwardly to the intersection of said Lincoln Avenue with Fifth Street, be widened along the following lines:

Beginning in the line between the Boroughs of Charleroi and North Charleroi at a point in the proposed easterly line of Lincoln Avenue, said point being also N 65 degrees 34 minutes E 41.7 ft. from the corner of the West Side Electric Street Railway car barns Thence as follows:

(1) S 65 degrees 34 minutes W 42.25 ft. to the proposed westerly side of said street

Thence along the westerly side of said street as follows

(2) N 24 degrees 26 minutes W 114.87 ft.

(3) S 65 degrees 34 minutes W 41.11 ft.

(4) N 2 degrees 49 minutes W 56.93 ft.

(5) On a tangent to the last mentioned line and curving to the left with a radius of 83.69 ft. a distance of 25.91 ft.

(6) On a tangent to the last mentioned line N 20 degrees 33 minutes 30 seconds W 105.8 ft.

(7) On a tangent to the last mentioned line and curving to the right with a radius of 119.68 ft. a distance of 43.48 ft.

(8) On a tangent to the last mentioned line N 0 degrees 16 minutes, 30 seconds E 10 ft.

(9) On a tangent to the last mentioned line and curving to the left with a radius of 64.21 ft. a distance of 17.31 ft. to an iron pin.

(10) On a tangent to the last mentioned line N 15 degrees 10 minutes W 139.56 ft. to a hole in coping of retaining wall

(11) N 15 degrees 56 minutes 30 seconds W 156.67 ft. to an iron rail.

(12) On a tangent to the last mentioned line and curving to the right with a radius of 1060.39 ft. a distance of 82.77 ft.

(13) On a tangent to the last mentioned line and curving to the right with a radius of 949.26 ft. a distance of 78.33 ft. to an iron rail.

(14) On a tangent to the last mentioned line N 6 degrees 44 minutes 30 seconds W 306.75 ft. to an iron rail.

(15) On a tangent to the last mentioned line and curving to the right with a radius of 844.83 ft. a distance of 100.97 ft. to an iron rail.

(16) On a tangent to the last mentioned line N 0 degrees 7 minutes 30 seconds E 116.20 ft. to an iron rail.

(17) N 2 degrees 11 minutes, 30 seconds W 162.94 ft. to an iron rail.

(18) N 79 degrees, 32 minutes, 30 seconds E 51.22 ft. to the North Easterly Corner of Fifth Street and Lincoln Avenue, thence along the easterly side of Lincoln Avenue as follows:

(19) S 9 degrees, 9 minutes, 30 seconds W 42.48 ft.

(20) S 0 degrees 07 minutes 30 seconds W 240.40 ft.

(21) On a tangent to the last mentioned line and curving to the left with a radius of 807.73 ft. a distance of 96.53 ft.

(22) On a tangent to the last

mentioned line S 6 degrees 44 minutes 30 seconds E 306.75 ft.

(23) On a tangent to the last mentioned line and curving to the left with a radius of 777.18 ft. a distance of 69.18 ft.

(24) On a tangent to the last mentioned line and curving to the left with a radius of 1200.56 ft. a distance of 85.91 ft.

(25) On a tangent to the last mentioned line S 15 degrees 56 minutes 30 seconds E 296.32 ft.

(26) On a tangent to the last mentioned line and curving to the left with a radius of 879.54 ft. a distance of 130.35 ft.

(27) On a tangent to the last mentioned line S 24 degrees 26 minutes E 231.70 ft. to the place of beginning.

Section 2 That the damage caused thereby and the damage caused by the grade thereof and the benefits to pay the same, shall be assessed against and collected from the properties specially benefitted thereby, in accordance with the provisions of the Acts of Assembly of the Commonwealth of Pennsylvania relating thereto and regulating the same.

Section 3. That the five (5) feet secured as the additional width on the West side of the said Lincoln Avenue back of the curb and walls as now located shall be used only for the purpose of maintaining and locating and relocating poles which are required under the several ordinances granting franchises through the Borough, and further, that the walls which are now located on the curb line of the property of T. L. Daly and the property known as the Allen residence, owned by R. H. Rush be maintained as they are at the present time.

Ordained and enacted in Council this 20th day of November, A. D., 1911

David Shafer
President of Council

Attest:
R. A. Metz,
Borough Secretary.

Approved this 23rd day of November, A. D. 1911

Harry W. Scott,
Burgess

ORDINANCE NO. 232

An Ordinance vacating a portion of Eighth Street in the Borough of Charleroi, Washington County, Pennsylvania, said portion being herein particularly described

BE IT ORDAINED and enacted by the Burgess and Town Council of the Borough of Charleroi and it is hereby ordained and enacted by authority of the same:

Section 1 That from and after the passage of this ordinance, all that portion of the street or way known as Eighth Street in the Borough of Charleroi, Washington County, Pennsylvania, beginning at a point on a line North 52 degrees 42 seconds East, which point is distant One Hundred (100) Feet from the East side of the right-of-way of the Pittsburgh, Virginia and Charleston Railway Company, now the Monongahela Division of the Pennsylvania Railroad, and extending to the Eastern terminus of said street at or near the low water line of the Monongahela River, shall be and become forever vacated

Sec 2 The Council Chamber of the Borough of Charleroi at seven o'clock P. M. Monday January 2, 1911, is hereby designated as a time and place where objections to the above vacation shall be heard and due notice thereof by ten (10) hand bills posted along the line of the portion of said Eighth Street to be vacated shall be given

Sec 3 Upon the final enactment of this ordinance and the approval thereof by the Burgess of this Borough, the proper officers and agents of the said Borough shall close that portion of said Eighth Street above described, whereupon the same shall be and remain forever closed and vacated as a public street and shall revert to the abutting owners thereof according to law

Subject, however, to the right of the officers, agents and servants of the Borough of Charleroi and its successors to enter into, upon and under said street in a proper and reasonable manner at all times hereafter for the purpose of operating, maintaining and repairing the sewer or sewers at present being in and under the portion of said street hereby vacated.

Sec 4 All ordinances or parts or ordinances in conflict herewith be hereby repealed

Ordained and enacted in an ordinance this 29 day of November, 1911.

John K. Hein,
President of Council.

Attest:
Ira L. Nickeson,
Clerk of Council

Examined and approved by me this 29th day of November, 1911.

The Famous Rayo Lamp

The Rayo Lamp is the best and most serviceable lamp you can find for any part of your home.

It is in use in millions of families. Its strong white light has made it famous. And it never flickers.

In the dining-room or the parlor the Rayo gives just the light that is most effective. It is a becoming lamp—in itself and to you. Just the lamp, too, for bedroom or library, where a clear, steady light is needed.

The Rayo is made of solid brass, nickel plated, and is in numerous other styles and finishes. Easily lighted without removing shade or chimney. Easy to clean and rewick.

Ask your dealer to show you his line of Rayo lamps; or write for descriptive circular to any agency of

The Atlantic Refining Company

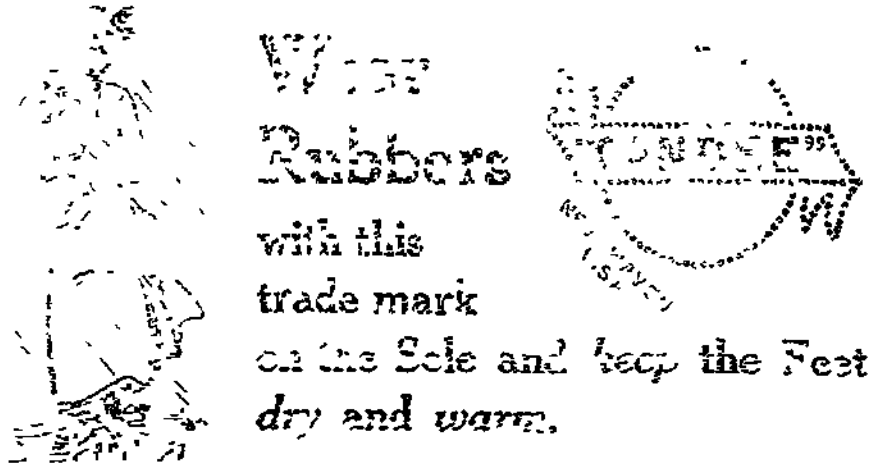

FREE TO YOU—MY SISTER

Free to You and Every Sister Suffering from Woman's Ailments.

I am a woman. I have woman's sufferings. I have found the cure. I will mail, free of any charge, my latest booklet with full instructions to any sufferer from woman's ailments. I want to tell all women about this cure—my reader, tell me how you can cure your mother, or your sister, or your daughter, or your friend. I want to tell you how to cure yourselves at home without the help of a doctor. Men cannot understand women's sufferings. What we women know from experience, we know better than any doctor. I know that my home treatment is safe and cures cure for Leucorrhoea or White Discharge, Ulteration, Displacement or Falling of the Womb, Prolapse, Scanty or Painful Menstruation or Stagnant Menstruation, or Growth, also pain in back, head and limbs, bearing down feeling, nervousness, nervous feeling, etc. etc. etc. Write to me, I will send you my booklet, and I will send you the treatment for your case, entirely free in plain wrapper by return mail. I will also send you free of cost my booklet "WOMAN'S OWN MEDICAL ADVISER" with explanatory illustrations showing what women suffer, and how they can easily cure themselves at home. Every woman should have it, and learn to take the benefit. Thousands of women have cured themselves by my home treatment. You can decide for yourself. Thousands of women have cured themselves by my home treatment. I cure all kinds of women's ailments. I will explain a simple home treatment which speedily and effectively cures Leucorrhoea, Green Discharge and Painful or Irregular Menstruation in young Ladies, Pimples and hair on face, etc. etc. etc.

Wherever you live, I can refer you to ladies of your own locality who know and will gladly tell any sufferer that this home treatment really cures all women's diseases, and makes women well, strong, plump and robust. Ask me for my address, and the free ten day's treatment is yours, also the book. Write today, so you may not see this offer again. Address MRS. M. SUMMERS, Box 11 - Notre Dame, Ind., U.S.A.

Lightning Kills Few.

In 1906 lightning killed only 189 people in this whole country. One's chances of death by lightning are less than two in a million. The chance of death from liver, kidney or stomach trouble is vastly greater, but not if Electric Bitters be used, as Robert

Madsen of West Burlington, Ia., proved. Four doctors gave him up after eight months of suffering from virulent liver trouble and yellow jaundice. He was then completely cured by Electric Bitters. They're the best stomach, liver and kidney remedy and blood purifier on earth. Only 50c at W. F. Hennings.

CHARLEROI FIVE OUTPLAYS BUNCH FROM SOUTHSIDE

Visiting Aggregation of Basketballers Beaten in Fast Contest

In amends for past humiliations Adams' basketball five whaled Southside Friday night with a severe kind of whale. Playing the visiting Smoky City aggregation off their feet and into the Slough of Despond or some other slough, the tribe of Magicians had no trouble in decorating Freund's hopefuls with-as big and as ugly a can is it was possible to decorate them with. The final score was 36 to 22.

For the first time since he sustained his broken nose Jimsey Brown showed his natural gait, which by the way is somewhat faster than a 2:20 trot. That encouraged the whole team and such passing and such team work and such goal shooting hasn't been seen since time began. Jimsey and his side partner, Capt Jacky Adams were the chief gazaboos in spectacular work and Dolin, Peiffer and A. Brown did some star performing.

The game barely got started when Jacky Adams was given a chance and he tossed a foul goal. Then somebody heaved Jimsey Brown the ball and he in turn gave a heave while the store-boy canily put down another integer. After that scoring was frequent and more to the Charleroi's way of reasoning than to Southside's. In fact Southside wasn't given a chance to score at all until after the first three minutes of play when Steel was permitted to toss just to encourage him. But it was a foregone conclusion. There was no hope for Southside and they quit as they began—beaten. The lineup!

Charleroi—36 Southside—22
Adams F Steel
A. Brown F Frankie
Dolin C Tome
Peiffer G Henshel
A. Brown G Curlett
Substitution—Penino for Curlett.
Field goals—Adams 4, J. Brown 6, Steel 3, Tome, Henshel 2. Goals from fouls—Adams 16 out of 27, Frankie, 1 out of 3, Curlett 1 out of 3, Penino, 8 out of 19. Referee—Alton. Timekeepers—Jolliffe and Freund. Score at end of second half—Charleroi 20, Southside 11.

Damage Suit Settled.

The suit of Thomas W. Meikle and wife against the borough of Charleroi for personal injuries received by Mrs. Meikle in a fall through a defective boardwalk in the borough of Charleroi, was settled. The settlement agreed upon was not made public.

Among The Passers

All there was to it, Southside was so badly outplayed that there was no chance for redress at any time of the game.

Dolin "had something" on the sensation from Pittsburgh with a cemetery like name—Tome. He usually got the lead on the tall dark haired "wonder" with no trouble whatever. Prettier forward work than Adams and Jimsey Brown put up would be hard to find.

Allie Brown prevented his man from too close application to the enjoyable pastime of shooting goals.

Peiffer is a handy man to have around. He dispossessed many of the Southsiders from joy by grabbing the ball when they were setting for shots.

Local fans hope to see Lance Riggs in the game some of these days. They

have a hunch that maybe Lance can show them a few stunts not reckoned upon.

LOCAL MENTION

J. K. Brumbaugh was in Pittsburgh Friday to attend the annual meeting of the Woods Agency Equitable Life Insurance men. The party of agents attended the Nixon Theatre in the evening and witnessed "The Pink Lady."

Harvey Frye is back to his duties with the government force at Lock No. 4 after a vacation of several weeks.

The English Crisis.
Jason Blogg (of Pittsburgh)—Well, Hypatia, which of 'em have you concluded to take, the Earl of Oldpar or the Count Appoggiatura? Miss Hypatia—I'm going to await developments, pop. If the Earl loses his veto, maybe I'll take the Count—London Punch

That Settled Bump.
Mr. Woggs—"I'm through with Bump. I told him we were going to name our baby after some great personage, and asked him for a suggestion." Mr. Woggs—"What did he say?" Mr. Woggs—"He said: 'Name it after ours.'"—Puck.

Real Spice of Life.
If one's heart rubs only against books it gets rusty and dry. We need to magnetize our hearts with living hearts and real feelings. Break bread often with common people.—H. W. Beecher.

New Swimming Machine.
Providing a cork jacket, which keeps its wearer upright in the water, with a propeller, driven by two cranks, a New Yorker has invented a device which is a variation from most styles of swimming machines.

Large Irrigation Project.
An eight million dollar irrigation project, about being completed in New South Wales, will benefit 1,500, 000 acres of land and offer settlement opportunities to 70,000 persons.

Higher Up.
"He seems to be quite a big man in politics now. I suppose he has got over his old habit of stooping for bribes?" "Oh, yes. They hand them up to him now."—Puck.

DR. BILICK NAMED ON MORGANZA BOARD

Governor Tener on Friday appointed Dr. H. T. Billick of Monongahela to be a member of the board of managers of the Reform School at Morganza, vice William S. McKinney of Pittsburgh, deceased.

Delicately Expressed.
"It is not always necessary to make a direct accusation," said the lawyer who was asking damages because situations had been made against his client's good name. "You may have heard of the woman who called to the servant girl, 'Mary, Mary, come here and take the parrot downstairs—the master has dropped his collar-stud.'"—Tit-Bits.

THIS IS IMPORTANT

W. F. Hennings' Desires to announce That he is the Agent for Thompson's Barosma, the Money-Back Kidney and Liver Cure.

There are hundreds of people, young and old, right here in Charleroi who are taking medicines for various ailments, who do not even suspect that the kidneys are to blame. These sufferers do not know that in all probability their kidneys are all clogged up, are inflamed or congested and are unable to properly filter the impurities from the blood.

It is the kidneys that keep the blood pure and if the kidneys are not in good condition, disease of other organs of the body will surely develop. Thompson's Barosma will cure any disease of the kidneys or W. F. Hennings will give you your money back.

If you are in ill health now, and are not absolutely certain of the cause get a 50-cent bottle of Thompson's Barosma at W. F. Hennings' today. It will tone up your kidneys, liver and bladder in a week.

It is the best investment you can make. It is worthy of a trial on our guaranteed plan. Ask for Thompson's Barosma. The dollar bottle contains more than twice as much as the fifty-cent size.
